Say Goodbye to Painful Facial Procedures with

## The Microcurrent Natural Facelift

• Lift & Tighten the Skin • Improve Facial Contour • Reduce Fine Lines & Wrinkles • Smooth Skin Texture

Noticeably reverse the signs of aging! Look younger and more radiant! This is a safe, non-invasive treatment which utilizes proven Microcurrent technology. A very low level of electricity reaches deep within the skin's layers to effectively lift and firm sagging facial muscles improving the tone and condition the face & neck, increasing the production of collagen & elastin and reducing fine lines & wrinkles for a more youthful appearance. **(60 Minutes)**
